The attached document was prepared by the [redacted]
[redacted] under contract to the National Photo-
graphic Interpretation Center. The evaluation scheme contained
herein is the contractor's concept of image evaluation and has
not, as yet, been adopted by the NPIC.

The NPIC is currently testing the proposed evaluation
techniques individually as well as in a total system. We at
NPIC consider the document to have immediate value as a training
aid, a reference base, and as a source of evaluation techniques
to be exercised on an ad-hoc basis.

Your comments and mutual discussion regarding the potential
application of data available via the processes described is
encouraged. The NPIC contact with regard to this matter is
